The Process

The Purpose

The Preamble The Elders of Kerrville Bible Church recognize that any doctrinal statement is but a fallible human effort to summarize an infallible divine revelation. But this in no way detracts from the importance of such a statement. The affirmations which follow carefully specify the Elders’ teaching position with regard to major biblical doctrines, and thus provide a framework for preaching and teaching at Kerrville Bible Church, as well as an anchor to protect us from theological drift. The Elders of Kerrville Bible Church are the sole interpreters of this Doctrinal Statement and are required to sign a statement annually affirming full agreement.
